PRÍCOM C-6200U

EXTERNAL USB PRINT SERVER

One of the key drivers behind our market leadership position is our interdependent partnerships with the industry's leading printer manufacturers.

Introducing the PRICOM™ C-6200U USB Print Server, the result of our long-term partnership with Canon and our extensive experience in the technology marketplace. Designed exclusively to help users better manage their Canon Bubble Jet printers and CAPT (Canon Advanced Printing Technology) laser printers with USB ports, the PRICOM C-6200U Print Server is ideal for today's digital office because it easily adapts to a variety of environments, from small home-based businesses to larger, enterprise environments.

## A COMMITMENT TO COMPATIBILITY, RELIABILITY, EXCELLENCE

The PRICOM C-6200U Print Server offers reliable "plug and print" support for 10Base-T and 10Base-T/100Base TX network printing. In fact, the PRICOM C-6200U bridges bi-directional communications, over the network in a Windows environment, with a wide range of Canon printer models with a USB interface. In addition, with the PRICOM C-6200U Internet Printing Protocol (IPP) support, users can print to an accessible printer via the Internet.

Additionally, the PRICOM C-6200U is compatible with the Canon Bubble Jet and CAPT laser printer status monitor.[*] Our transparent network driver technology provides the user with all the printer information as if they were locally connected. The PRICOM 6200U enables you to do network scanning with the latest Canon multifunction printers.

POINT AND CLICK SET-UP

The PRICOM C-6200U Print Server's intuitive on-screen Wizard walks users through configuration, step by step. It's as easy as point and click. The Wizard is available in 11 different languages so it's easily adaptable to different environments.

PRICOM-PRINT CLIENT SOFTWARE

PRICOM-Print Client Software is provided via CD-ROM. It enables direct, peer-to-peer printing in multiple operating systems including Windows 9x. This eliminates the need for an independent server to manage the printer network.

UPGRADE WITH THE TOUCH OF A BUTTON

The PRICOM C-6200U Print Server has built-in flash memory, so upgrading firmware is as easy as logging on to our web site and downloading the latest functionality. With access to the latest silex technology development, users protect their IT investment for the long term.

HIGH PERFORMANCE, OPTIMAL UTILIZATION

OPTIONAL FUNCTION

The PRICOM USB server is designed as a USB Master device. It takes the role of the PC in a USB environment. The silex designed system allows up to four printers when a USB hub is connected between the PRICOM USB server and the printers. The printers can be Canon devices or printers from any manufacturer with a USB interface. Connecting up to four printers maximizes the use of your investment by reducing the cost per network connection up to 75%.

silex, A GLOBAL LEADER

For over a decade, silex technology, a global leader in embedded network printing technology, has designed, manufactured and marketed leading-edge print servers to printer manufacturers helping businesses improve the way they move information. Now, silex brand products are available worldwide.
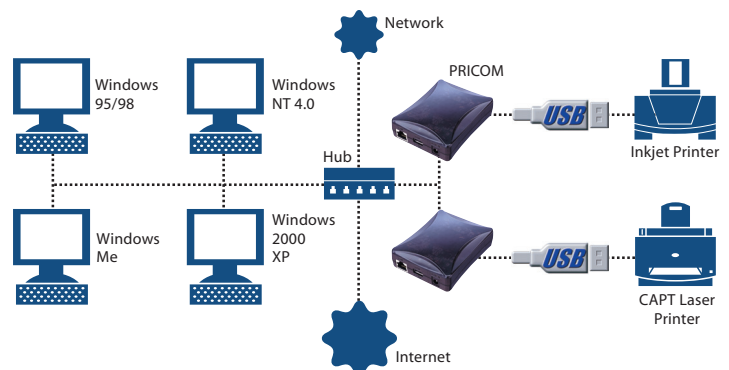

For more information about how the PRICOM C-6200U Print Server can improve the productivity of your business, contact us at the sales office nearest you or visit one of our web sites.

TECHNICAL SPECIFICATIONS

Supported Canon Printers	BJC-55, BJC-85, BJC-2100, BJC-2100SP, BJC-3000, BJC-6100, BJC-6200, BJC-6500 S100, S300, S330, S400, S450, S500, S520, S530D, S600, S630, S750, S800, S820, S820D, S900, S4500, S6300, S9000 i320, i550, i850, i950 LBP-810, LBP-1120, LBP-1210, *Reference our web site for the latest compatible printer information.*
Supported OS	Windows 9x, Me, NT 4.0, 2000, XP
Supported protocols	TCP/IP — LPD, IPP[1], FTP, HTTP, TELNET, DHCP, BOOTP, RARP IPX Peer to Peer — silex technology original IPX protocol[2]
Configuration	Quick Setup utility, Web Browser, TELNET
Printer interface	USB 1.1 (A type)
Network interface	10 Base-T / 100 Base-TX (Auto-detection)
Language	Setup Utility (11) — English, French, German, Italian, Spanish, Japanese, Chinese, Taiwanese, Korean, Thai, Indonesian Manual (5) — English, French, German, Japanese, Chinese
Power supply	Universal AC Adapter (100-240V) for USA, Japan, Europe, UK, China
Power consumption	5V 1A
Regulatory approvals	FCC, CE, VCCI Class B
Package contents	PRICOM C-6200U print server, Quick Setup Guide poster, CD-ROM with configuration utility and PDF manual, AC-Adapter
Dimension (WxDxH)	3.1 x 3.9 x 1.1 in / 80 x 100 x 28 mm
Weight	3.3 oz / 95 g

[1] IPP (Internet Printing Protocol Version 1.0)
[2] Does not support Novell NetWare.

Network — Windows 95/98 — Windows NT 4.0 — Hub — PRICOM — Inkjet Printer — Windows Me — Windows 2000 XP — Internet — CAPT Laser Printer
