# Hi-Speed Gigabit Print- and Scan Server for Canon
# C-6600GB

| Ideal for | Canon PIXMA Ink-jet | Canon imageCLASS CAPT Laser Printers | Canon PIXMA Multi-Function Printers | Canon DR-series Document Scanners |
|---|---|---|---|---|

## Ideal solution to share Canon printers + scanners over Gigabit-Ethernet

**Ink-jet Printers**   **Laser Printers**   **Document Scanners**

**C-6600GB**

PC    Notebook / Macbook    WLAN AP    Notebook / Macbook

The C-6600 GB provides convenience and flexibility to share your Canon Multi-function-printers and document scaners over Gigabit Ethernet

Like the rest of silex's C-series products, the C-6600GB is developed in close association with Canon.

Enjoy all functions of your Canon printers and Canon scanners over the network - as if they were locally connected.

### Key features

◎ Printing, scanning, memory card storing and PC fax over LAN with Gigabit speed.

◎ Compatible with most Canon Multi-Function-printers amd document scanners.

◎ Canon printer status monitoring support.

◎ Support for scan button manager "CaptureOnTouch".

---

- Bi-directional communication with printers
- MFP/AIO-Server
- Printserver
- Scanserver
- Storage-server
- Multi-language Support
- USB 2.0 Hi-Speed
- IP Filtering Enhanced Security
- 1 USB-Port
- Canon-Status Monitor
- 10/100/1000 Mbit
- **IPP** Internet Printing Protocol

# Share your Canon printer and scanner over Gigabit Ethernet

## Features

**Up-to-date Gigabit technology**

The C-6600GB has a Gigabit Ethernet interface. The device also supports the 10 and 100 Mbit standard.

**Convert your Canon -MFP and -printer into a network resource**

With the C-6600GB a Canon USB- or -Multifunction printer can be shared with colleagues or family members across the home or company network.
**Network printing, scanning, memory card sharing and PC Fax.**

The C-6600GB shares all functions of your Canon devices over the network

**Real-time Canon printer status monitoring support**

The convenience of the Canon status monitoring function is available on the network as if it was locally connected to your PC. You can remotely monitor various defined printer operating conditions such as ink levels and paper empty on a real-time basis.
| **PIXMA All-In-One printer** | **CAPT Laser printer** |
|---|---|
|  |  |
| ▲ printing | ▲ printing |
|  |  |
| ▲ Ink cartridge empty / Paper out | ▲ paper out |

**With Device Server feature also compatible with Mac OS**

To enable you to use your Canon printer, your document Scanner or other USB devices also on Mac OS the C-6600GB has the "device server mode" feature.
That means that you can use the device with the software SX-Virtual Link as a Device Server. You can connect to your USB device over the network and use it as if it was locally connected . This feature is of course also available on Windows OS. Configuration of this feature is available via webinterface.
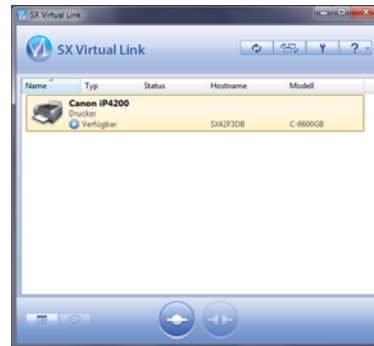

**Maximize productivity of your scanner**

With help of the C-6600GB several users can share a high quality Canon document scanner over the network. The C-6600GB also shares a scanner for a virtual machine (VM).
The software SX-Virtual Link supports "request of use" of a scanner that is already connected to antoher user and can disconnect the first user upon request after a time out to make the scanner available for the next user.

## Application Example

**Software SX- Virtual Link**

Client software for the virtual USB connection in Device Server mode and for scanners

## Specification

| Supported Operating Systems | Windows 7, Vista, XP , Server 2003 and 2008 (32/64 Bit); Mac OS X v10.3-10.6 |
|---|---|
| Supported Protocols | TCP/IP |
| Configuration | Quick Setup, Webbrowser, telnet, AdminManager |
| Device Interface | 1x USB 2.0 Hi-Speed (A-Type) |
| Network Interfaces | 10/100/1000 Mbps (auto-detection) |
| Current to USB connection | up to 2000 mA |
| Power Supply | 12V, universal AC adapter (AC 100-240 V) |
| Power Consumption | 3W + USB-power |
| Languages (setup program) | German, English, French, Spanish, Italian, Portuguese, Chinese, Japanese |
| Guarantee | 2 years |
| Approvals | FCC, CE, VCCI Klasse B |
| Package contents | C-6600GB, setup guide, AC adapter, warranty booklet, CD-ROM , manual |
| Dimensions | 60 x 100 x 28mm |
| Weight | 100g |

## Software

| CX-User Software | Wizard style quick setup utility |
|---|---|
| CX Print | Client Software for Windows Printing |
| SX Virtual Link | For networking USB devices |
